This means that we will not send you an e-mail newsletter, unless you have expressly confirmed to us that you agree to the sending of such a newsletter. We will then send you a confirmation e-mail asking you to confirm that you wish to receive future newsletters by clicking on an appropriate link.

By activating the confirmation link, you give us your consent to the use of your personal data in accordance with Art. 6 (1) point a GDPR. The data you enter for newsletter subscription (e.g. e-mail address) will be stored on Sendinblue's servers in the EU.

Sendinblue uses this information to send and statistically evaluate newsletters on our behalf. For evaluation purposes, the e-mails sent contain so-called web beacons or tracking pixels, which represent one-pixel

image files stored on our website. This enables us to determine whether a newsletter message has been opened and which links have been clicked. Technical information is also recorded (e.g. time of access, IP address, browser type and operating system). The data is exclusively collected in a pseudonymized format and is not linked with your other personal data, a direct personal reference is excluded. This data is used exclusively for the statistical analysis of newsletter campaigns. The results of these analyses can be used to better adapt future newsletters to the interests of the recipients. If you wish to object to the data analysis for statistical evaluation purposes, you must unsubscribe from the newsletter.

Furthermore, in accordance with Art. 6 (1) point f GDPR, Sendinblue itself may use this data for its own legitimate interest in designing and optimising the service in line with market needs and for market research purposes. Data is used, for example, to determine from which countries the recipients come. However, Sendinblue does not use the data of our newsletter recipients to write to them or forward the data to third parties.

We have concluded an order processing agreement with Sendinblue obliging Sendinblue to protect our customers' data and not to pass it on to third parties.

You can view Sendinblue's privacy policy here: <https://www.sendinblue.com/legal/privacypolicy/>

This means that we will only send you a corresponding notification after you have expressly confirmed that you agree to receive such a message. We will then send you a confirmation e-mail asking you to click on a link to confirm that you wish to receive such notification.

By activating the confirmation link, you consent to the use of your personal data in accordance with Art. 6 (1) point a GDPR. When you register for our e-mail notification service for product availability, we store your IP address as registered by the internet service provider (ISP) as well as the date and time of registration in order to be able to track any possible misuse of your e-mail address at a later time. 8) Use of Videos

Use of YouTube Videos

This website uses the YouTube embedding function for display and playback of videos offered by the provider YouTube, which belongs to Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 ESW5, Ireland („Google“).

To this end, the extended data protection mode is used to ensure, according to provider information, that user information will only be stored once the playback function of the video is started. When the playback of embedded YouTube videos is started, the provider sets „YouTube“ cookies in order to collect information about user behavior. According to indications from YouTube, the use of those cookies is intended, among other things, to record video statistics, to improve user-friendliness and to avoid improper actions. If you are logged in to Google, your information will be directly associated with your account when you click on a video. If you do not wish to be associated with your profile on YouTube, you must log out before activating the button. Google saves your data (even for users who are not logged in) as usage profiles and evaluates them. Such an evaluation takes place in particular according to Art. 6 (1) point f GDPR, on the basis of the legitimate interests of Google in the insertion of personalized advertising, market research and/or demand-oriented design of its website. You have the right to object to the creation of these user profiles, whereby you must contact YouTube to exercise this right. When using YouTube, personal data may also be transmitted to the servers of Google LLC. in the USA.

Regardless of whether the embedded video is played back, a connection to the Google network „double click“ is established when visiting this website. This may trigger further data processing beyond our control.

Further information on YouTube’s privacy policy can be found in the provider’s data protection declaration at: www.google.com/policies/privacy/.

To the extent required by law, we have obtained your consent to the processing of your data as described in accordance with Art. 6 (1) point a GDPR. You can withdraw your consent at any time with effect for the future. In order to exercise your right of withdrawal, please follow the procedure described above.

9) Online-Marketing

Facebook pixels for creating custom audiences (with Cookie Consent Tool) Within our online offer, the so-called „Facebook pixel“ of the social network Facebook is applied. It is operated by Facebook Ireland Limited, 4 Grand Canal Quay, Square, Dublin 2, Ireland (hereinafter „Facebook“).

If a user clicks on an advertisement placed by us, which is displayed on Facebook, an addition is added to the URL of our linked page by Facebook pixels. If our page allows data to be shared with Facebook via pixels, this URL parameter is written into the user's browser via a cookie, which is set by the linked page itself. This cookie is then read by Facebook Pixel and enables the data to be forwarded to Facebook.

With the help of the Facebook pixel, Facebook is able to determine visitors of our online offer as a target group for the presentation of ads (so-called „Facebook ads“).

Accordingly, the Facebook pixel to display Facebook ads placed by us will be presented only to Facebook users who have shown an interest in our online offer or who demonstrate certain characteristics (e.g., interest in certain topics or products determined by means of the websites visited) which we will transmit to Facebook (so-called „custom audiences“). When using Facebook pixels, we also want to ensure that our Facebook ads match the potential interest of users and are not annoying. This allows us to evaluate the effectiveness of Facebook ads for statistical and market research purposes by tracking whether users were forwarded to our website after clicking on a Facebook ad („conversion“).

The collected data is anonymous and does not provide us with any information about the user's identity. However, the data is stored and processed by Facebook to enable a connection to the respective user profile and to allow Facebook to use the data for its own advertising purposes in accordance with the Facebook Data Usage Guidelines (<https://www.facebook.com/about/privacy/>). The data may enable Facebook and its partners to serve advertisements on and off Facebook.

The data processing associated with the use of the Facebook Pixel is only carried out with your express consent in accordance with Art. 6 (1) point a GDPR. You can revoke your consent at any time with effect for the future. To exercise your revocation, remove the tick next to the setting for the „Facebook Pixel“ in the „Cookie Consent Tool“ embedded on the website.

10) Web Analysis Services

Google (Universal) Analytics

This website uses Google (Universal) Analytics, a web analytics service provided by Google Ireland Limited, Gordon House, 4 Barrow St, Dublin, D04 E5W5, Ireland („Google“). Google (Universal) Analytics uses „cookies“, which are text files placed on your computer, to help the website analyze how users use the site. The information generated by the cookie about your use of this website (including the abbreviated IP address) is usually transferred to a Google server and stored there, and may also be transferred to the servers of Google LLC. in the USA.

This website uses Google (Universal) Analytics exclusively with the extension „_anonymizeIp()“, which ensures anonymization of the IP address by shortening it and excludes the possibility of direct personal reference. Through the extension, your IP address will be shortened by Google within member states of the European Union or in other signatory states of the Agreement on the European Economic Area before. Only in exceptional cases will the full IP address be transferred to a server of Google LLC. in the USA and shortened there. On our behalf, Google will use this information to evaluate your use of the website, to compile reports on the website activities and to provide us with further services related to the use of the website and the Internet. The IP address transmitted by your browser within the framework of Google (Universal) Analytics is not combined with other Google data.

Via a special function called „Demographics“, Google Analytics also enables the compilation of statistics with statements about the age, gender and interests of site visitors based on an evaluation of interest-related advertising and with the use of third-party information. This allows the definition and differentiation of user groups of the website for the purpose of target-group-optimized marketing measures. However, data sets collected via „Demographics“ cannot be assigned to a specific person. All the processing described above, in particular the setting of Google Analytics cookies for reading information on the terminal device used, is only carried out if you have given us your express consent in accordance with Art. 6 Para. 1 letter a GDPR. Without this consent, the use of Google Analytics during your visit to our website will not take place.

You can withdraw your consent at any time with effect for the future. To exercise your right of withdrawal of consent, please deactivate this service in the „Cookie-Consent-Tool“ provided on the website. We have concluded a data processing agreement with Google for the use of Google Analytics, which obliges Google to protect the data of our site visitors and not to pass it on to third parties.

For the transmission of data from the EU to the USA, Google relies on so-called standard data protection clauses of the European Commission, which are intended to ensure compliance with the European data protection level in the USA. Further information about Google (Universal) Analytics can be found here: <https://policies.google.com/privacy?hl=en&gl=en>
